Support the horses that make **affordable horseback riding a reality** for Active Duty Service Members, veterans, police officers, fire fighters, school teachers, nurses and their immediate families, as well as the community. We use **donated aged and semi-retired horses, giving them a loving, forever home** at the Horses4Heroes Family Equestrian Center located in the northwest. **Our monthly feed bill is \$5000.**

Your name (and picture with your adopted horse) will be placed on your horse's stall for each month that you adopt a horse. We will even give you a **free Horse 101** session to teach you how to care for horses (\$50 value). Sign up for three months or more and we will include a riding lessons for you and three guests (may or may not be on your horse), \$240 value.

**Experience for yourself the *power* of our horses!**
