

Come *Back* Together

It takes a herd to build a team!

"Interacting with horses can help people develop key leadership traits including self-awareness, self-management, social awareness, and relationship management, according to a groundbreaking research project conducted at the University of Kentucky in collaboration with The Horse Institute."

COVID-19 restrictions have taken a toll on many businesses, as employees, colleagues and co-workers have had to adjust to working remotely, often from home. At some point, workers will return to their office, cubicle or classroom and what will that look like, feel like? **Horses4Heroes** has created **COME BACK TOGETHER**, a team-building workshop to re-introduce colleagues to one another and begin to rebuild the camaraderie and synergy that made your business successful. Sessions take place **outdoors** at the **Horses4Heroes Family Equestrian Center**, conveniently located near Lone Mountain and Buffalo. A typical day-long session will include a morning and afternoon workshop with horses, lunch, music therapy and opportunities for community service. Each session is customized for your company and your goals. Pricing is based on 20 to 30 participants. Workshops are ideal for managers, executives, trainees and anyone working directly with your customers or the public. Participants come away feeling reacquainted, reconnected and ready to get back to the workplace.

COME TOGETHER will address many common workforce issues including, but not limited to:

- ★ Team Building
- ★ Leadership Skills and Development
- ★ Becoming an effective communicator (verbal and non-verbal)
- ★ Passive Conflict Resolution (stress, anger, anxiety management)
- ★ Problem Solving
- ★ Tolerance and Diversity (sexual harassment, transgender issues, bullying)
- ★ Morale Boosting

This is the only program like it offered in Las Vegas!
